

Orange crush

With its Miliken 'Oxygen' carpet and Foscarini 'Bubble' lamps, the décor of Vancouver's first and only champagne lounge is decidedly fizzy.

Designed by local duo David Nicolay and Robert Edmonds of Evoke International Design, Crush Champagne Lounge strays from the frilliness often associated with urban lounges in favour of an interior tempered with soft grey and brown hues and cosy oversized furnishings with occasional eye-catching splashes of orange. "We didn't want to fill it up with eye candy everywhere," says Nicolay. The pared-down décor may not be loud, but the lounge's weekend vibe certainly is. *ERIC ENNO TAMM*
